VOL. XXIX SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIF., THURSDAY, AUGUST 17, 1922. NO. 33

BOARD TOLD OF NEED OF NEW ROAD

PROPOSED THROUGHFARE FROM SAN BRUNO ROAD TO STATE HIGHWAY NEAR TANFORAN GETS HEARING AT COUNTY SEAT

One of the outstanding features of Monday's meeting of the county supervisors was the appearance of a delegation from the South San Francisco Chamber of Commerce and the local city trustees to ask county assistance toward the construction of a road connecting San Bruno road south of this city and the state highway. The route of the proposed road is from the curve in San Bruno road by the Union Oil Company's tanks due west to the highway near the northwest corner of the Tanforan race track. F. A. Cunningham, secretary of the local Chamber, headed the delegation and laid the matter before the supervisors, urging at the same time that a levee be constructed along San Bruno road through the hollow south of town to protect it from the storm waters that flood it practically every winter. Mr. Cunningham pointed out that the proposed road was a vital necessity to relieve the traffic congestion that is sure to result between Tanforan and San Francisco when the races at the new track start, this road enabling people to reach the races by way of the Bay Shore road instead of the state highway. At the same time the proposed dike to protect the present road from storm waters is most important, Mr. Cunningham stated, as the road is sure to deteriorate rapidly from being covered by water in the winter, this flooding at times rendering it practically impassable. After considerable discussion it was decided, on motion of Supervisor Hickey, seconded by Supervisor Francis, that the entire board visit the scene of the proposed improvements Wednesday morning. After this matter was disposed of the board took up the consideration of the bids for work on the county hospital, several of which were laid over from last meeting. The bid of the D. N. & E. Walter Company for linoleum was rejected, and new specifications for the floor covering were submitted by Architect Speake and accepted by the board. New specifications were also accepted for the finishing hardware and new bids will be asked, to be opened September 15th. The awarding of the contract for the construction of the tuberculosis pavilion was again laid over. As no bids were received for the work of repairing the Halfmoon Bay to Tunitas road, Supervisor Francis was authorized to expend \$1000 of \$2500 recently transferred from the general fund for this work. The auditor's statement of the aggregate amount of allowance that can be made against the several funds for August was presented and ordered filed. A communication from the San Mateo County Federation of Women's Clubs was read, requesting that the board give consideration to changing the name of the proposed Eastside highway to the Bay Shore highway. The letter was ordered filed for future reference. Recommendations of the County Social Service Commission as made by Miss Florence Boggs, executive secretary, were ordered accepted on motion of Supervisor MacBain, seconded by Supervisor Hickey. Supervisor Mrs. Rosalie M. Brown of the second township called the attention of the board to bridges and culverts in need of repair in her road district, and requested an appropriation of \$300 from the general fund for the work. The unanimous approval of the board was given. Supervisor Manuel Francis of the fourth township advised the board that the Great Western Power Company has constructed a building on the county road in his district, in which poles are being stored, and it was ordered that the poles and build-

(Continued on page 5.)

COUNTY ENTERTAINS VISITING FIREMEN

Delegates to Big Convention in San Francisco Given Barbecue and Tour of County.

Monday saw the greatest gathering of firemen ever held on the peninsula, when the towns of this region united to welcome to San Mateo county the delegates who were attending the international convention of fire chiefs in San Francisco. Some 2000 fire fighters, some of them international figures, visited various points of interest on the peninsula and were entertained by a joint committee from the different cities. The entertainment started at 10:30 in the morning, when the company assembled at Pacific City. The gates of the big resort and the doors of the concessions were thrown open to them and fun reigned till 12:30, when a barbecue was held in true California style. The affair was staged on the east side of Coyote Point, the timbered promontory east of Pacific City. Juicy meat cooked out of doors and dished up with all the requisite trimmings was served to the visitors. At 2:30 scores of autos assembled and the distinguished visitors were taken for a tour of points of interest in the county, accompanied by a big band. Afterward they visited Stanford University. Baskets of fruit and flowers were presented to each of the visitors.

SCIOTS TO HOLD BIG PICNIC NEXT SUNDAY

Sunday, August 20th, is the day selected by the members of the Ancient Egyptian Order of Sciois for a picnic at Kendall Dell. The San Mateo Sciois have arranged this picnic in conjunction with the Sciois of San Jose and Palo Alto pyramids. It is expected that there will be one of the largest gatherings ever held in this region at a similar occasion. The trip will be made in automobiles. Those attending will take basket lunches and the joint committee in charge at the grounds will supply coffee free of charge. There will be a small admission fee charged at the grounds, a portion of which will go toward the Christmas fund of the San Mateo pyramid.

SUPREME COURT JUSTICE MAKES CALL MONDAY

Associate Justice of the Supreme Court William P. Lawlor was in town Monday and dropped in at The Enterprise office. Accompanied by Mrs. Lawlor, Judge Lawlor is on a campaign tour through the central and southern parts of the state. They expect to drive down the coast and return through the interior and will campaign actively until the primary election of August 29th. Judge Lawlor is candidate for the office of chief justice of the supreme court of California. He is well known over the state. From 1898 to 1914 he served as judge of the superior court in San Francisco and while in that office presided at many of the famous "graft trials" in San Francisco.

MISS FISCHER GIVEN PARTY ON SIXTEENTH BIRTHDAY

Miss Marion Fischer was given a surprise party Monday evening at her home, 108 Juniper avenue, in honor of her sixteenth birthday. Games were played and refreshments served. Those present were: Misses Louise Beltrami, Laura Baldini, Grace Steele, Sylvia Haubrich, Margaret Murray, Theresa Morazzini, Anna Carli, Minnie Chiona and Marian Fischer; Messrs. Jack Bonalanza, Charles Dunlap, Leo Murray, Dean Wring, Teddy Fischer, Stephen Fischer and Joseph Fischer.

T. F. HANLON CALLED EAST BY DEATH OF MOTHER

T. F. Hanlon left Thursday morning of last week for Franklin, Pa., where he was called by the sudden death of his mother, Mrs. Katherine Hanlon. Mrs. Hanlon was well known here, having visited here with her son and family. Robert Reed and his mother, Mrs. Nettie Reed, returned Tuesday evening from Yosemite.

TRUSTEES MEET IN EQUALIZATION

City Officials Give Opportunity for Tax Protests.

The city trustees have met three times as a board of equalization of late to hear any protests against city taxes. The first meeting was held Tuesday, August 8th, at 10 a. m. At this time City Assessor McSweeney reported that the assessed valuation of property in South San Francisco for the fiscal year of 1921-1922 was \$3,648,100. No protests were presented this meeting. The next meeting was Monday, August 14th, at 10 a. m. No protests were expressed. The last meeting in equalization was held Tuesday evening of this week at 7:30 o'clock. Peter Lind expressed a protest at this meeting, but on having the tax levy explained, the distribution of money made plain and being shown that his property was assessed at no higher rate than adjoining property, Mr. Lind withdrew his protest. After adjourning as a board of equalization the board held an informal discussion as to the city budget for the coming year. No official action on the coming tax rate was taken.

FLOYD JOHNSON EXPLAINS HIS SPLIT WITH GREGGAINS

Editor Enterprise, South San Francisco—Dear Sir: Saw an article in The Enterprise of August 3d where it seems some one has stated that the reason I split with Alex Greggains was on account of my having an alleged sore finger or hand. Can't understand how that story ever got there, as it reads and looks as though I was afraid to fight Roper and used a sore hand as an excuse to get out of the match. Now Mr. Speed, I will give you the real truth and reason for my letting Alex go. He signed a contract with my name for me to box Capt. Bob Roper, one of the leading heavies back here, without even asking or knowing what I was to receive, trusting the promoter would give him the right percentage, which is a very poor way of doing business. I told him so, but it rather died down. Then on top of that mistake I fight Carmino Caggiano, champion of Italy, and knock him out in the first round. Greggains' alleged friend who was promoting the show paid him \$50 short, and he never even figured it up, and it never would have been noticed had I not been figuring three days later and seen the mistake. I saw he was too old fashioned to mix with the up-to-date promoters, and I also could see if I kept him as my manager I would not get anywhere, as he is not known well here, and any way there is a clique back here who run the game, and you have to be in order to get plenty of work. That is the real reason why I split with Alex, regardless of what any one else says. Of course, I did have a bad hand, but that was far from the reason for the split. I stopped Sailor Sam Maxted, a big, tough heavy, here a week ago and made a hit with the fans. Have two fights in sight, one on the 22d and one on the 28th. As to publicity, Alex never got me any. It was Charlie Cook who got that for me. Well, Mr. Speed, I will close, hoping you find space in your valuable paper to print and get a story out of this letter as to the real reason of my splitting with Alex. You know he has friends in South City, and I don't want them to think he got a dirty deal from me. It was all his own fault and he has nobody but himself to blame. The weather here has been ideal the last few days, but we also had a few real hot days that weren't so ideal. Well, I will close with best wishes. Your friend, FLOYD JOHNSON. New York City, N. Y., Aug. 10, 1922.

MRS. THOMAS ENTERTAINS.

On Saturday evening Mrs. L. Thomas entertained at dinner, the guests being Misses Marguerite and Sylvia Thomas, Myrtle Vaccari; Messrs. George Kreeland, Fernand Thomas, and Edward Madigan. Later the party attended the Orpheum.

SEALS WALLOP SLUGGERS! EXCITEMENT IS INTENSE!

The Peck's Lots Seals journeyed to Irishtown Monday afternoon for a return game with the Irishtown Sluggers and brought home the bacon, score 27 to 25. It was a slugging match, as the score would indicate. Ford Stireman and Albert Lutie of the Seals each knocked out a four-bagger with the bases full. Pinch hitters were used in the ninth and the finish was sensational. Lutie's home run putting the game on ice. The Sluggers are still unsatisfied with the result and the end is not yet.

TWO EMPLOYEES OF LOCAL BANK WED

E. N. Fourcans and M. W. Carden Marry Popular Young Ladies.

An epidemic of weddings has broken out among the employees of the Bank of South San Francisco, and those interested in the welfare of the bank are wondering how far it will spread and who the next victim will be. It is reported on very good authority that it has not yet run its course and another wedding may be looked for shortly. Within the last few days M. W. Carden, teller at the bank, and Etienne N. Fourcans, assistant cashier, have taken wives unto themselves. The young lady who is now Mrs. Carden having been Miss Leeta Clinton, while Mrs. Fourcans was formerly Miss Ruth Carey. Mr. Carden and Miss Clinton were married August 3d at the home of Miss Clinton's brother, Theodore Clinton, at Norway, Ore. Following the wedding Mr. and Mrs. Carden spent two weeks in a honeymoon at different points in Oregon. Mr. Carden returned to his duties at the bank this week. Mr. and Mrs. Carden are at present living in San Francisco. The wedding of Mr. Fourcans and Miss Carey took place at the home of Miss Carey's parents in Sacramento last Saturday. Mr. and Mrs. Fourcans are now on a wedding tour to Los Angeles and other southern California points. On their return they will occupy an apartment at the home of F. A. Cunningham on Baden avenue. They are expected back from their trip Monday, August 28th.

All four of the young people who figured in these two weddings are very well known and popular in this community. Fourcans and Carden have been employees of the Bank of South San Francisco for a number of years, where they have made an enviable reputation for high character and business acumen. Mr. Fourcans is the son of Mr. and Mrs. J. J. Fourcans, pioneer residents of this city, and was born in South San Francisco twenty-seven years ago, attending school here and in San Mateo. He took employment at the bank before the war. From October, 1917, to August of 1919 he served his country in the war, seeing service in France, Belgium and Germany. On reaching home he returned to the bank and in January of this year was made assistant cashier. Mr. Carden also served during the war, returning to the bank when he came back. He has made a splendid record in his work. Mrs. Fourcans is the sister of Mrs. C. F. Schurk of this city and during several months of last year was employed at the bank, where her acquaintance with Mr. Fourcans deepened into the attachment which has resulted in their wedding. Mrs. Carden is the daughter of Mrs. A. J. Nussel of this city and formerly made her home here. Both young ladies have a wide circle of warm friends in this community who are glad to see them return.

LOCAL AND PERSONAL

Mayor G. W. Holston and Mrs. Holston are spending a vacation in Los Angeles.

Mrs. A. W. Clawson and son, Howard, returned last week from several weeks' vacation spent at Mount Hermon.

Harold Tassi, who is employed at the South City Meat Market, left this week for a vacation, to be gone two weeks.

Mrs. M. Byrne and little son, Billie, plan to leave Saturday for San Jose to visit Mr. Byrne's mother, Mrs. G. Byrne, for a week.

Mr. and Mrs. H. F. Sharp of Tanforan will soon move into their beautiful new home in Burlingame. It will be completed about the first of September.

F. A. Shaw, formerly secretary of the Chamber of Commerce, returned here Tuesday from Los Angeles to go over the Chamber accounts with the present secretary, F. A. Cunningham.

Miss Edith Clary, sister-in-law of H. J. Holt, gave an address at St. Paul's church last Sunday evening. She is from the First Methodist Church of Hollywood as a director of religious education.

Fire Chief B. H. Truax served as a member of the hospitality committee to welcome the visiting fire chiefs in the San Francisco convention. Mr. Truax was also a member of the hospitality committee which welcomed the fire chiefs to Pacific City and peninsula points Monday.

Owen M. Jennings recently passed an examination before the State Board of Pharmacy. Because of the high grade the young man made he will not have to take a second examination, but is now entitled to hold the position of assistant pharmacist. After two years in this position he will be a full-fledged pharmacist.

NEW PLANS ANNOUNCED FOR TRANSBAY BRIDGE

Announcement States Company Forming to Build From San Mateo to East Bay Side Near Hayward.

A new factor that may have considerable bearing on the projected building of a transbay bridge was announced this week in San Francisco and San Mateo counties. This is the forming of a company in New York City to build such a bridge with private funds and operate it as a toll bridge. The announcement states that the bridge is planned to span the bay from San Mateo to a point near Hayward on the east shore of the bay. It is stated that permission has already been granted by the War Department for the construction of the bridge, and the formation of the San Mateo-Hayward-San Francisco Bridge Corporation to handle the project is now under way. From the plans of the proposed corporation as made public it would seem that the Bensel Engineering Company of New York is back of the project. John A. Bensel, one of the most prominent engineers in the country, is at the head of this company, and Mr. Bensel's record as state engineer of New York and commissioner of docks of New York City is one of the best guarantees that this company is well qualified to carry out whatever it undertakes. Mr. Bensel is at present president of the American Society of Civil Engineers and is the builder of a tunnel under the Hudson river connecting New York and New Jersey. This eminent engineer has stated, according to the announcement, that his company is able, if necessary, to finance the whole project, build the bridge, run it for a time as a toll bridge, and eventually sell it to the state or community. It is expected that the matter of allowing the construction of the bridge, which will actively compete in transbay transportation with the present ferry lines between San Francisco and east bay points, will be up to the State Railroad Commission. Because of the proximity of the bridge to San Francisco it will undoubtedly meet with strong opposition from the Southern Pacific and Key Route railroad companies. Interesting developments in the matter are looked for in the near future.

The immediate reason for the gathering of the county officials here was the inspection of the route of the proposed road connecting San Bruno road south of this city with the state highway by the new Tanforan race course. The addresses, all given informally as the company sat about the table, treated of this road and proposed improvements to San Bruno road through the hollow near by, but touched also upon matters of concern in different parts of the county. The speakers included Dr. C. V. Thompson, chairman of the board of supervisors; Supervisor MacBain, Supervisor Mrs. Rosalie M. Brown, Supervisor Thomas L. Hickey, C. M. Allen, superintendent of construction of the improvements now going on at Tanforan; F. A. Cunningham and E. C. Peck. All the speakers expressed themselves as favorable to the proposed road. Mr. Cunningham first outlined the need of such a road, which would help to relieve the traffic pressure on the state highway at all times, but would be especially beneficial during race meets. "When races were held at Tanforan in days gone by there was always an attendance of several thousand, and with the automobiles now in use and making the track so accessible to San Francisco we can expect such an attendance to be increased many times over," declared Mr. Cunningham. "How such a traffic jam in addition to the heavy travel on the highway every day can be handled at Tanforan, which is directly on the highway, is a question," said Mr. Cunningham. "The easiest and simplest way will be to open this road connecting the track with San Bruno road, which will enable a large part of those attending the race meets to leave San Francisco by way of the Bay Shore road instead of by the state highway." The speaker also pointed out that this road would also make a connecting link with the Sky-line boulevard. The right of way, he stated, would be given free of charge. The officials of the Pacific Jockey Club, promoters and owners of Tanforan, had expressed an earnest wish to have the road and had promised their active co-operation. The co-operation of this city was assured, and if the county would lend what assistance it could the road was assured. Mr. MacBain stated he was convinced there was pronounced need for the road, and he was heartily in favor of the supervisors giving all the assistance they could. Supervisors Brown and Hickey expressed similar sentiments. In expressing his desire to help in anything that tended to benefit the county at large, as this road undoubtedly would, Dr. C. V. Thompson stated that his fellow residents on the coastside had never yet failed to give endorsement to anything that was of benefit to the county at large, whether it directly concerned their region or not. Mr. Allen gave an interesting talk on what has so far been accomplished at Tanforan, as well as what was in course of being worked out. He

CO. OFFICIALS ENTERTAINED AT LUNCH

SUPERVISORS MEET AT LOCAL CLUB, HEAR TALKS ON NEED FOR NEW ROAD BY TANFORAN AND INSPECT ROUTE.

One of the pleasantest get-together meetings occurring in this city in a long time took place at the Industrial Club Wednesday noon, when the members of the county board of supervisors were given a luncheon by the Chamber of Commerce. Seventeen persons sat down to a bountiful spread and good feeling and cordiality reigned for about an hour, after which talks were given bearing on the furthering of different projects which make for progress in the county and the creating of a more concerted community spirit to boost for anything that will benefit any part of the county and thereby the county as a whole.

The immediate reason for the gathering of the county officials here was the inspection of the route of the proposed road connecting San Bruno road south of this city with the state highway by the new Tanforan race course. The addresses, all given informally as the company sat about the table, treated of this road and proposed improvements to San Bruno road through the hollow near by, but touched also upon matters of concern in different parts of the county. The speakers included Dr. C. V. Thompson, chairman of the board of supervisors; Supervisor MacBain, Supervisor Mrs. Rosalie M. Brown, Supervisor Thomas L. Hickey, C. M. Allen, superintendent of construction of the improvements now going on at Tanforan; F. A. Cunningham and E. C. Peck. All the speakers expressed themselves as favorable to the proposed road. Mr. Cunningham first outlined the need of such a road, which would help to relieve the traffic pressure on the state highway at all times, but would be especially beneficial during race meets. "CONVENIENCE OUTLETS"

Handy receptacles where the power of "Pacific Service" connects with electrical appliances.

Flush receptacle and plate

"CONVENIENCE OUTLETS" are electrical receptacles that are properly placed in floors, baseboards and walls for conveniently attaching vacuum cleaners, electric irons, floor lamps, etc. They lie snugly and inconspicuously against the board to which they are attached, and all are of a standard size that fits the connection on any electrical appliance.

Flush twin receptacle and plate

The quad receptacle—attached to the underside of a dining table permits the simultaneous use of any four electrical appliances without overhead attachments.

Quad receptacle

Electrical contractors, appliance dealers and power companies will be glad to give you further information on "convenience outlets."

TEACH EMPLOYEES HOW TO USE TELEPHONE PROPERLY

In many business houses and manufacturing establishments rules have been established for the correct use of the telephone in answering and placing telephone calls.

"Answer promptly" is one of the telephone rules employers now insist shall be followed.

In answering calls, employees are instructed to mention the name of the company first, then the name of the person talking, as for instance: "Brown & Co., Williams speaking."

Such an introduction to a telephone conversation lets the other fellow get to business at once, after a similar introduction on his part. It saves the caller's time, your time, the employer's time and creates a favorable impression all the way around.

Above all, do not start your telephone conversation with "Hello." It is not good form in the business world today.

T. McLean of Third Addition, just back from the hospital, was obliged to return owing to the unsatisfactory condition of his health.

Mr. and Mrs. C. Grant of South San Francisco have rented the Rathke home in Belle Air, which they expect to occupy by September 1st.

Mrs. Openshaw's hospitable home in Third Addition was the scene of a delightful party Saturday evening, given in honor of her daughter Irene's fifteenth birthday.

City Clerk Miss Willits is back again from her delightful trip south, and was right on the job at the board of equalization meeting at the city hall Monday forenoon.

Alfred Lescure of First Addition, who has been conducting a wholesale bakery delivery down the peninsula, this week sold his business to William Gilbert of San Francisco.

The fourth grade scholars of the Edgemont school are enjoying a prolonged vacation, owing to the fact that their teacher failed to put in an appearance up to Wednesday noon.

Jack McLean of the San Bruno Lumber Company, with his wife and little daughter, has left in his new Ford touring car on a trip through the central and southern part of the state.

C. Butow is having the work on his new business block on San Mateo avenue rushed. He has rented one upper front room to Dr. Kroeger, who recently moved here, for a dental parlor.

The Packers, who until recently conducted a dry goods store in the Sullivan block and occupied the Sullivan residence in the rear, have again returned to the city whence they came.

Mrs. Harry Sampson, who with her husband left us nearly a year ago for Mendocino county, where Mr. Sampson is engaged in trucking, is in our midst on a several weeks' visit, recuperating from a recent operation.

Hans Ichen, who formerly conducted a barber shop here but is now established in the same line of business at Los Angeles, along with his better half visited in this community last week, having motored up.

Among our business men who have recently invested in either light delivery trucks or pleasure vehicles are: Grocers William F. Wedell and F. J. Madden, Butcher Schmidt, Contractor Bou, Delmar Maede and Mr. Maule, the druggist.

A. I. English and son, Frank, of Millbrae returned Tuesday from a ten days' hunting trip up at Grants Pass, Ore. While they had no luck hunting they fared better fishing, catching a salmon weighing 18 pounds in the Klamath river.

There is a well-founded rumor to the effect that San Bruno will shortly have another weekly newspaper, independent in character and devoted to strictly local topics. The aim is to have it reflect the spirit and importance of the community.

It should be pleasing news to many to learn that Adla Jacobson, daughter of Mr. and Mrs. Roy Jacobson of Fourth Addition, has so far recovered from her injuries sustained five years ago as to enable her to re-enter school this week for the first time since the accident.

Hans Lemm, whose return to the hospital was chronicled in these columns last week, passed away Thursday at the age of 53, leaving a brother and a sister in this country, the latter having kept house for the deceased, and several close relatives abroad. Interment took place at the Odd Fellows' Cemetery Saturday.

The tug-of-war team of the local camp of W. O. W. won the silver cup at the W. O. W. picnic at Pacific City last Sunday for being the best team, defeating its two competitors. The camp was represented by T. Figueredo, Gus Magnuson, E. Holter, H. Thyllen, H. Sick and William F. Wedell (captain).

Must sell, account party leaving town, a four-room cottage in good condition, furnished; good location; only \$950, terms. Also other bargains in houses, furnished and unfurnished. Lots at a sacrifice on easy terms. See for yourself. We gladly show you around. It costs nothing to investigate. Wm. Maurer, San Bruno, Calif. Phone 204-W.—Adv't.

CHAMBER OF COMMERCE-MERCHANTS' ASSOCIATION

One of the favorite topics of discussion at the meetings of the local Merchants' Association is how best to keep residents of this city trading at home instead of spending their money in San Francisco, where it is lost so far as benefit to South San Francisco is concerned. For some weeks a special bargain day or two days a week has been under consideration, when local merchants would offer special values in merchandise in an educational campaign to show purchasers that in many lines of merchandise they can get just as good value for their money in this city as they can anywhere else. The Chamber of Commerce has now agreed to take the matter up and help the merchants organize and "put over" a trade-at-home campaign with special "bargain day" features.

This is an excellent move. If the Chamber of Commerce wishes to cooperate with the Merchants' Association, then by all means let it help in some move that directly assists the merchants. There are members of the Chamber, no doubt, that spend a considerable amount of money in San Francisco that could be spent in their own city. Let's all pull together, citizens, Merchants' Association and Chamber of Commerce, to encourage home trade, which means a bigger and brighter future for this city where we have our homes and where we are all working together to make a living.

MAINTENANCE OF HIGHWAYS

Two of the greatest road problems are how to keep the permanent highways from being destroyed by heavy trucking, and how to maintain them after they are once built.

The state or county having been bonded and durable construction having been secured, its upkeep, or restoring the worn surface, and also injury to subgrade, must be considered.

Certainly the property of the state or county should not be further taxed or bonded, and the upkeep costs must fall upon the user of the road. Motor vehicle license taxes, and regulation of loads carried by different sized vehicles, appears to offer a practicable solution of upkeep.

Cushioning the surfaces of the highways with an asphaltic mixture to protect a rigid base such as concrete from the impact of traffic or building the base of the road of shock-absorbing asphaltic concrete seems to be the final method which must be adopted to give the taxpayers the longest wearing road for their money.—Industrial Review.

TOO LATE

Remember how prodigal we have been in past years in the destruction of trees and in the waste of wood.

Some of that wood would be welcome next winter, when coal is scarce and prices are high.

We are a great people. We learn our lessons when it is too late to profit by them.

Therefore, we pay the piper without hearing his music.

First it was secret diplomacy, and then we had shirt sleeve diplomacy, and now that the women are breaking in we presume it will be of the bloomer variety.

When we hear a fellow orating on the glories of his past we wonder why he is so silent about his present.

School teachers are continually a lap ahead of their times. They are teaching children many of the things they should learn at home.

If people who fall in love at first sight would refrain from taking the second look there would be fewer divorces in the world.

Radium has been materially reduced in price, it now being possible to look at it through a glass case at \$100 a squint.

Some people find it necessary to boast of their loyalty because other people are unable to discover it by their acts.

You can't make an efficiency reputation by watching the other fellow do it.

Cheer up! You may be president some day. Every organization has one.

That marriage is likely to be the biggest success when the man in the case realizes that it means grocery, electric light, water, gas, butcher, clothing and doctor, bills and regular house rent to be paid, and that while love may be the greatest thing in the world, a creditor always wants cash instead of affection.

Cockiness is next to ungodliness.

Another Strike Possibility

Frank Roach The Man

Because we who are neighbors of Frank Roach, candidate for Sheriff of San Mateo County, want the voters of the county to know him as we do, we are presenting the following brief statement of his life, qualifications and plans to the people of his county.

Frank Roach was born in Menlo Park about forty-five years ago. His parents were among the pioneers in the development of San Mateo County and his father was one of the early leaders in educational work here.

Frank Roach was educated in the schools of this county and has spent his entire life here. How well that life has been spent and how useful a citizen he has been is known to us, his neighbors, and should be known to every voter.

Frank Roach became an orphan when he was eighteen years old. The oldest of a family of six children, he was charged with the responsibility of raising and educating his five sisters and brothers. Bravely and fearlessly he worked to accomplish this end, and the splendid manner in which he fulfilled his trust is an inspiration to us of Menlo Park.

Frank Roach is a man of the highest character. His honesty and integrity are beyond question. His generous nature, his fearlessness in the face of hardship or danger, his coolness of judgment and his constant desire to put his best into the task that confronts him, have endeared him to the people of his home community and to all who know him.

The Frank Roach for Sheriff Club was formed, not at his solicitation, but was organized by the neighbors of Frank Roach because of the high regard in which they held him and their belief that he is admirably qualified in every way to give San Mateo County a sheriff's office of which it can be proud.

Frank Roach, if elected to the office of Sheriff of your county, will devote his entire time, energy and ability to fulfilling the important duties of that office. He knows every corner of San Mateo County and possesses the necessary physical and mental qualifications to properly perform the duties of your Sheriff.

Frank Roach believes that the office of Sheriff should be always at the service of the people and, if elected, plans to maintain a night and day service in the office, so that an instant response can be given to any call received at any hour of the night or day. He will appoint men of the highest qualifications as his deputies and assistants in the office and endeavor to make the office a live, vital force in the county for the administration of justice.

It is because we, who know Frank Roach, believe implicitly in his ability and desire to accomplish these ends that we present this statement to the voters of our county and respectfully ask their support of Frank Roach for Sheriff.

THE FRANK ROACH FOR SHERIFF CLUB.

J. B. WELSH, President.
W. J. MURRAY, Secretary.

Hard Luck.

The young man arrived at the party and made his way to the hostess, greeting her and apologizing for his lateness.

"Awfully glad to see you, Mr. Bones," said the hostess. "So good of you to come. But where is your brother?"

"He was unable to come. You see, we are so busy just now that it was impossible for both of us to get away, and so we tossed up to see which of us should come."

"How nice! And you won?"

"No," replied the young man, absentely. "I lost!"

A fishworm has no backbone but it does have sense enough to crawl into its hole and stay there. Many backboneless men know less.

"Finishing schools" for girls often are rightly named. They frequently finish a girl's usefulness or her common sense, or both.

A car is often judged by its rattles—and so are men.

The main trouble with the world is that there are so many human beings in it.

BOARD TOLD OF THE NEED OF NEW ROAD

(Continued from page 1.)

ing be removed and the company is to be so notified.

Numerous property owners on Date avenue, Beresford, having requested gas and electric light service from the Pacific Gas and Electric Company, a letter was presented from W. T. Kellogg, manager of the Redwood district, addressed to those desiring service, in which it was stated that the estimated cost of the line would be \$1150.63, and that the estimated revenue for three years would be \$400. The company agrees to expend \$400 in the construction, the balance to be paid by the prospective consumers, and to be refunded to them under certain conditions within ten years. The entire matter was ordered referred to District Attorney Franklin Swart for an opinion.

Following the inspection of claims, the board adjourned to meet next Monday, August 21st.

When you come to know how densely the earth is populated with "suckers," and how dense these "suckers" are, the wonder is not that so few men are honest, but that so many are.

The less you know about a car the more you will know about the expenses of a car.

A lot of "bathing beauties" ain't.

COUNTY OFFICIALS ENTERTAINED AT LUNCHEON

(Continued from page 1.)

stated, first of all, that the new race course was for the promotion of clean sport, and that it was expected that about 700 men and boys would find employment part of the year at Tanforan in caring for the 700 horses that were to be kept there in season. "It takes a man and a boy for each horse when the season is on," Mr. Allen declared, "and accommodations are to be arranged for that number of horses at the race course. Some of these persons will stay at San Bruno and some at South San Francisco. Both towns will reap a direct benefit in this way from having the race course near by."

Mr. Allen went on to state that a contract for a \$73,000 stable had been let and a grandstand to cost \$200,000 was to be built, with a clubhouse to cost \$50,000 more. The grandstand would be constructed to accommodate 10,000 persons, according to the speaker, and parking space for 10,000 autos was to be laid out. Mr. Allen dwelt upon the need of more roads leading to the race course, and said the proposed road would seem largely to solve the problem.

Following the luncheon the party was joined by Howard Spreckels, millionaire turfman of San Francisco and one of the leading spirits in the promotion of the Tanforan race course, and the entire party left in autos to inspect the route of the proposed road and the Tanforan race course.

Those who sat at the table during the lunch hour were as follows: Supervisors Dr. C. V. Thompson, John MacBain, Mrs. Brown and Thomas L. Hickey; County Surveyor George A. Kneese; County Purchasing Agent Werder, F. T. Williams of the Enterprise Foundry; Major C. F. Wieland, consulting engineer of San Francisco; F. A. Cunningham, E. C. Peck, W. H. Dinning, J. W. Coleberd, H. A. Bewley, H. L. Haaker, Dr. J. C. McGovern, B. H. Truax and Robert Speed.

WHAT IS THE VALUE OF THE VOICE WITH THE SMILE?

The value of a smile has been definitely fixed. It has often been emphasized as in the slogan of the telephone company "The voice with the smile wins." But it remained for an impartial jury to put a fixed price on the value of a smile, a Kansas City jury having awarded little Jimmy Godfrey, aged 13, a verdict of \$20,000 for an injury to his face, received from contact with an electric wire, which destroyed his power to smile.

Commenting on the verdict, "Advanced Thought" says: "Moral: If a smile is worth \$20,000 when you lose it, it is worth \$20,000 when you use it."

No jury has as yet fixed a price on the voice from the smile over the telephone, but experience has shown that it is beyond price.

Power of Flattery.

It was a soft and balmy spring night. The moon was at its zenith, casting a mellow radiance upon the greensward, as the ardent swain passionately declared his love.

"Darling," he cried, in tones of vibrant adoration, "I will lay my fortune beside your feet!"

"Oh, but your fortune is not a very large one!" cooed the damsel.

"No," he replied, slipping his arm round her waist, "but it will look large beside your tiny feet!"

He won her.—London Tit-Bits.

Coming to Him.

A candidate in a rural district of England was getting a firm hold on his electors and was volubly painting in vivid colors the happy life they would lead if he were their member in Parliament.

"You have not yet got two acres of land each and a cow, but that will come!" he cried.

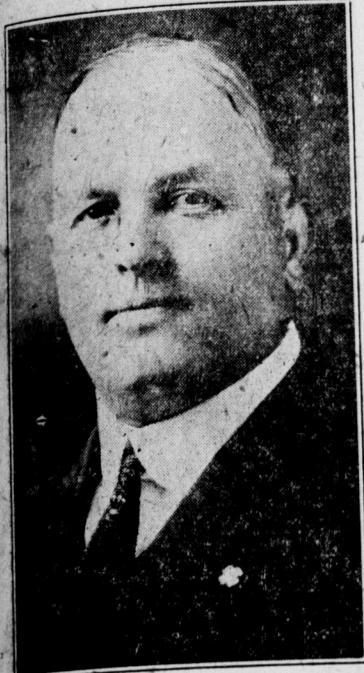

"You have not got free homes for old people, but that will come."

He passed on to prison reform.

"I have no experience of those institutions," he remarked, "but—"

(A voice) "But that will come, gov'nor."—London Express.

"What man has done, man can do," according to the old copybooks, but that does not mean that what any man has done any man can do as the teachers tried to make you believe.

LOCAL HAPPENINGS

Mrs. George Britton will teach at the local school this year.

Miss Mary Kauffmann returned this week from her vacation spent at Lake Tahoe.

Dr. and Mrs. T. C. Doak and family spent the week-end at their cottage at Ben Lomond.

Mrs. A. P. Scott returned Thursday from a week's visit in Santa Clara and near-by towns.

Miss Mary Nicholas, aunt of Mrs. H. Standley, was called to Pasadena last Sunday by the death of a cousin.

Mrs. Rose Galli and children returned this week from Mountain View where they have spent the summer.

Mrs. H. Standley and sons returned home Wednesday from Redwood Lodge, where they spent the past week.

Misses Laura and Lena Maccario of Santa Rosa returned home Saturday after a two months' visit with Mr. and Mrs. J. Canavesio.

Mr. and Mrs. L. E. Adams returned recently from Berkeley, where Mr. Adams has been attending the university summer school.

Mrs. F. S. Dolley and Mrs. A. Hynding with their families returned late last week from Boulder Creek, where they have spent the summer.

Mr. and Mrs. J. Canavesio and Mr. and Mrs. L. Poulos spent the week-end visiting at the home of Mr. and Mrs. J. Maccario of Santa Rosa.

Miss Rue Clifford is expected to return home Friday evening from her vacation. Miss Clifford spent several weeks in Alaska and British Columbia and then four weeks at Cisco.

Mr. and Mrs. W. J. Hyland left South San Francisco Saturday for a two weeks' visit with friends at Donner Lake. Friends here received a postal telling of their safe arrival at Colfax at 9 a. m. Sunday.

Miss Mary Sheets of Cleveland, Ohio, is spending the week with Rev. and Mrs. C. L. Peck. Miss Sheets is 17 years old and recently won a \$850

scholarship. She is now on her way to San Diego to attend school.

Mrs. J. E. Sullivan returned Saturday from the hospital, where she recently underwent an operation on her throat. It will be good news to Mrs. Sullivan's many friends that she is doing well.

Mr. and Mrs. G. Weller of San Francisco moved into the Read cottage in Pine Terrace recently. Mr. Weller was a former instructor at Heald's Business College and will now teach in the commercial department of the local high school.

Mr. and Mrs. M. F. McCole left last Saturday on a two weeks' motor trip through Sonoma county and near-by points. They visited the Petrified Forest last Saturday. They have as their guests Mr. and Mrs. H. McGibbon, formerly of South San Francisco, now of Sebastopol.

May Get Her After All.

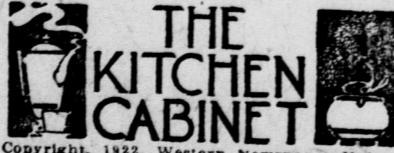

Dan Rooney recently arrived at Atlantic City from Ireland, and after a stroll on the boardwalk decided he would like to "become married," as the Frenchman said.

He did not know any particular person, apparently was not one himself, and a friend told him the way to go about it was just to pick one out and seize her. So he went over to the city hall, and after an hour or so spent in critical inspection of the sex, he decided that he had wasted enough of the springtime of life and threw his arms around the next girl that came along.

She proved to be an Amazon of prowess, with a well-developed triceps and a bulk that made a good resistance post, and she hung one on Mr. Rooney's jaw that would have cracked a brick. And she did not forget to scream, which attracted the notice of another person who had come from Ireland, but long enough before to get on the force. He ran Mr. Rooney in.

The recorder, which is the Jersey name for judge, at least in the lower courts, told the impetuous wooer that he would be ninety days older when he again saw the boardwalk, and in the meantime he could keep in condition by dividing stones.

Here, we submit, is a good opening for a scenario. The lady disappears from the record, but who can doubt that she will, unless previously engaged, be found hanging around the jail yard toward the end of the ninety days waiting for her soul mate to emerge? Why, it is as good as done. The raw material of a husband is there, and he is half subdued already. —San Francisco Argonaut.

"The cuckoo drinks the celestial juice of the mango tree and is not proud; the frog drinks the swamp-water and quacks with conceit."

WHAT TO EAT

Here are two unusual soups that you will like to try:

Crumbs Cream Soup.—Boil one quart of water on a half hour with one carrot, one stalk of celery, one onion, one-half a parsnip, all to be finely

chopped. Strain; add one tablespoonful of salt, one teaspoonful of white pepper, one cupful of finely sifted crumbs, and two tablespoonfuls each of butter and flour, blended. Stir over the fire until the soup boils, then add three cupfuls of thin cream, and two well-beaten eggs, continue cooking with careful stirring until the eggs are set.

Flemish Soup.—Cook two ounces of minced raw ham in one-half cupful of olive oil or butter; add three onions, three stalks of celery, and six potatoes, all sliced; and let cook until the vegetables begin to brown. Turn the whole into a soup kettle containing one quart of stock, and continue to cook until the potatoes are boiled to a mush. Strain, return the liquid to the kettle, thicken with three tablespoonfuls of flour, rubbed smooth with a little water. Add one-half teaspoonful of poultry seasoning and salt and pepper to taste. Just before serving, add one cupful of cream and two well-beaten eggs; stir until the eggs are set, and serve immediately.

Fruit Rolls.—Take one cupful each of raisins and walnuts and one-fourth of a cupful of candied ginger, all chopped fine. Add shredded coconut and powdered sugar, knead and roll in a long roll. Coat with coconut and set in a cold place until firm.

Prune Souffle.—Let soak over night one-half pound of prunes in cold water. In the morning cook in the same water until tender, sift through a colander and sweeten with one-half cupful of sugar. Beat the whites of two eggs until very stiff, add the prune pulp, beating from the bottom up with a wire beater. Pour into a greased pudding dish and bake 20 to 30 minutes. Serve with a custard made by using the yolks of the eggs, one cupful of milk and two tablespoonfuls of sugar. Use four whites, if a larger amount is needed, as the egg adds the bulk to the dish.

Nellie Maxwell

Checking Up.

A negro boy walked into a drug store and asked permission to use the telephone. Then the following conversation took place:

"Is that you, Mistah Jones?"
 "Yes," apparently was the reply.
 "Well, Mistah Jones, I saw you ad in de paper the other day and yo' wanted a cullud boy. Did yo' get one?"

"Yes," seemed to be the answer again.

"Well, Mistah Jones, is he givin' perfect satisfaction?"

The reply appeared still to be affirmative.

"Well, Mistah Jones, providen dis cullud boy don't give perfect satisfaction, you call me at 54."

The boy turned and started out, and the druggist, who had overheard, remarked: "You didn't do any good, did you?"

"Yes, sah," came the reply. "I's dat cullud boy what's workin' down there. I's jest checkin' up to see how I stand." —Los Angeles Times
